

## ROCKY FLATS ENVIRONMENTAL TECHNOLOGY SITE REGULATORY CONTACT RECORD

---

**Date/Time:** June 23, 2004

**Site Contact(s):** Dyan Foss  
**Phone:** 303-966-7577

**Regulatory Contact:** David Kruchek  
**Phone:** 303-692-3328

**Agency:** CDPHE

---

**Purpose of Contact:** Approval of PDS Data for the first and second floor and basement of Building 881 and continued building preparation for demolition

---

### **Discussion**

This contact record is to document the consultative process and CDPHE approval of the pre-demolition surveys and mechanical demolition the Building 881 annex and second floor hallways, continued building preparation for demolition, and basement backfill.

The surveys demonstrating these areas are at unrestricted release were provided to CDPHE in phases. Informal copies of the second floor and basement Pre-Demolition Survey Reports were provided to CDPHE on June 10, 2004. An informal copy of the first floor Pre-Demolition Survey Report was provided to CDPHE on June 18, 2004.

CDPHE reviewed these documents and had several questions and requests for clarification. These questions were addressed through e-mails and will result in modifications to the PDSRs. The changes will be made prior to formally submitting the PDSRs for CDPHE for formal approval.

While the documents are being formally transmitted to CDPHE, the mechanical preparation activities will be continued on the first and second floor. These preparation activities will include completion of the mechanical demolition and backfill of the Building 881 north annex, the mechanical demolition and backfill of the east and west hallways on the second floor; the completion of severance activities on the roof of Building 881; and the modifications to the first floor south wall. In addition, backfilling of the basement tunnels will be initiated. These areas will initially be filled with soil and backfilling will be completed with flowable fill.
